

Radiation Therapy Program

Curriculum Specific Coursework

The Radiation Therapy program at Arkansas State University is a 12-month program tailored for those students who have successfully matriculated from an accredited Radiography program. Upon acceptance into the Radiation Therapy program, students will complete the following program specific coursework*:

Fall Semester:

RST 4203 Intro to Radiation Therapy
RST 4214 Radiation Therapy Principles and Practice
RST 4313 Radiation Physics I
RST 4513 Radiation Therapy Clinic Ed I

Spring Semester:

RST 4333 Applied Radiation Biology
RST 4224 Radiation Therapy Principles and Practice II
RST 4323 Radiation Physics II
RST 4523 Radiation Therapy Clinic Ed II

Summer Semester:

RST 4234 Radiation Therapy Principles and Practice III
RST 4413 Rad Protection, Safety, and Quality Management
RST 4242 Rad Therapy Clinical Treatment Planning
RST 4533 Radiation Therapy Clinic Ed III

*The Radiation Therapy program awards a Bachelor of Science in Radiologic Sciences degree. Students must successfully complete all general education requirements prior to graduation.
